

WALRC Livestock Matters Forum

Hosted in partnership with the West Midlands Group

A really interesting day out for livestock producers

Dandaragan Club, Friday March 27

| | |
|--------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 12.30 | Lunch - Dandaragan Rec Centre |
| 1.00pm | Keynote address: Michael Craig runs a mixed broadacre livestock and cropping enterprise with 18,000 sheep and 500 breeders at Harrow in the western districts of Victoria. Considered an 'early adopter' of all things high tech, with science-based evidence of their application, Michael will share his main production 'leaps' achieved through this approach over the last 5 years. |
| 1.45pm | What's going on in this patch: local cattle veterinarian Jo Connelly , Bosvets talks about the biggest production challenges in the region and explores the research and extension actions that would help address them. |
| 2.15pm | Meet your researchers: Rapid Fire presentations from MLA, Murdoch, CSIRO, UWA and DPIRD - and a chance to hear about some of the latest livestock industry research projects underway. |
| 3.15pm | Break |
| 3.30pm | Discussion forum: WALRC chairman Dr Tim Watts leads the discussion session on the issues holding your livestock business back, drawing inspiration from the session's speakers. |

Refreshments to follow

Please RSVP to WALRC* so that we can plan our catering!

Email admin@walrc.com.au or text Esther Jones 0418 931 938 with whose coming names of people from your business

**About WALRC: The WA Livestock Research Council is an initiative of MLA that partners with DPIRD, CSIRO, Murdoch and UWA to identify the research needs of WA's beef and sheep producers. Our forums are an ideal opportunity for livestock producers to influence the best spend of their R&D levy.*
